

# RESPONSIBLE TRAVEL IN CAPABLE HANDS

Effusive in our passion to travel and unwavering in our commitment to safety, we use well-appointed vessels with a high ice-class rating and stabilization, enabling you to explore remote and inaccessible destinations. Whether it is innovation, service, organization, safety or environmental protection, guests can trust the One Ocean Expeditions team.

Our well-appointed and unique vessels are considered by many to be the best polar expedition ships in the world. All three vessels were built in the iconic shipyard of Rauma, Finland and offer modern stabilization and an unsurpassed ice classification (Lloyds 1A/1AS), compliant with the new Polar Code. Pioneers in small group travel, One Ocean Expeditions is perfectly equipped with the right hardware and programming to safely offer our full range of activities, guiding our adventurous guests on their quest to imagine, explore and discover the world's most remote and inspiring regions.

#### **RCGS RESOLUTE**

BUILT: 1993  
SHIPYARD: Rauma, Finland  
ICE CLASSIFICATION: Lloyds 1AS ice-strengthened vessel  
STABILIZERS: Yes

# AN IMPECCABLE RECORD OF SAFETY

While onboard, the safety of our guests is of the utmost importance. All passengers are required to attend mandatory “Guidelines of Conduct” presentations and “Zodiac and Shore Excursion Safety Briefings” to ensure that everyone is confident in the onboard safety procedures. All of our ships carry an extensive inventory of safety equipment for all excursions and we require leaders to undergo vigorous and effective safety training programs.

Our executive team sit on the boards of the Association of Arctic Expedition Cruise Operators (AECO) and the International Association of Antarctica Tour Operators (IAATO), voluntary polar organizations involved in key decision making in the creation of regulations designed to protect these fragile regions and keep visitor safe. We strictly adhere to these guidelines.
